**She's never bowed to anyone, but he's determined to have her on her knees.**

Kara Hart has lusted over Drago Arrington, a ripped and powerful dragon shifter, since he first looked down on her from his throne. With a war brewing, she chose to battle against his kind. That meant staying away from the one man dominating her every desire - even though it's left her completely at his mercy. When Drago has a chance to have this strong-willed spitfire's complete submission, he makes her a deal she can't refuse. Kara caves to the dark temptation warring within her and attempts to play a role she's never dared to fantasize before.

Little does she know this contract is very much one sided. Drago needs an heir and he's convinced Kara will give him exactly what he craves. It only takes one taste for him to realize she's the greatest treasure he's ever owned; he's not letting her go.

**When the sparks kindling between them ignites to flames, will Kara realize she's playing with fire? Or will her struggle only end with her being the one to get burned?**

This standalone novel contains a dominating dragon shifter that's just as hot as he is protective. Guaranteed happily ever after.
