I ran to escape my demons. I buried my past deep within the recesses of my mind and fought to keep it there where it couldn't harm my newly constructed life. I was Anna Wharton. A professor's wife. A woman of means and class.

In a former life, I was Envy Harris. A biker princess in the Hell's Demons MC. A girl with dreams and a killer right hook. The witness to my Father's death. The holder of the key.

Then I met him and everything I fought to keep hidden came crashing back into being. How could I escape my past when it stared at me with intense green eyes and held me tight in tattoo covered arms?
