The Terrorism Trap: September 11 and Beyond Michael Parenti

A penetrating analysis of the hidden political, economic, and religious agendas behind the September 11 attacks and the war, with an emphasis on Afghanistan's history and the U.S.-led globalization process that has impoverished and angered much of the world.

The Terrorism Trap is a richly informed, powerfully argued, well-written analysis of the deeper causes and meaning of September 11. Michael Parenti dissects the religious, political, and economic forces behind the attacks, putting them in proper historical perspective, which includes an understanding of Afghanistan's hidden history. He answers such questions as: Why did September 11 happen? Who is to be blamed? Who is taking advantage of the crisis? Who is hurt by all the ensuing events? And why do they hate us? He sees the religious terrorism of today as related to a longstanding religious tradition of violence as well as being a reaction to a U.S.-led globalization process that has impoverished and angered much of the world. This book helps us understand what is to be done to save democracy from terrorism and reactionism.

Michael Parenti is one of the nation's most astute political analysts. His books are read by both lay readers and scholars, and are used extensively in college courses.
