The dollar financial system of Wall Street was born not at a conference in Bretton Woods New Hampshire in 1944. It was born in the first days of August, 1945 with the dropping of the atomic bomb on Hiroshima and Nagasaki. After that point the world was in no doubt who was the power to reckon with. This book is no ordinary book about money and finance. Rather it traces the history of money as an instrument of power; it traces the evolution of that power in the hands of a tiny elite that regards themselves as, quite literally, gods- The Gods of Money. How these gods abused their power and how they systematically set out to control the entire world is the subject.
