Despite having differences, Rachelle and Alice had been good friends since they were students. Rachelle is an exceptionally beautiful girl and happily married to Peter. Alice is married to Mat. On the surface, everything in Alice's marriage seems to be perfect, but it is an illusion and she soon finds herself envious of Rachelle and attracted to her husband, Peter.

When Alice and Mat decide to go on vacation to the Bahamas, they invite Rachelle and Peter to join them. Alice looks forward to spending time around Peter and fantasizes about what it might be like to have him in her life. What starts as an innocent whim, quickly develops into a steamy romance as Alice and Peter set out on an illicit love affair which threatens to destroy not just their worlds, but those of their spouses too. On their return home their lives are further complicated when Rachelle and Mat begin their own sexual relationship. One day Alice finds about the relation between Rachelle and Mat. Things quickly spiral out of control when Alice kidnaps her friend and imprisons her in a remote location for taking revenge.

Being a victim of the situation, Rachelle finds herself falling for her captor, Jax but things are set to take an even more surprising turn as Rachelle and Jax enter into a hot and wild sexual relation. One day Rachelle finds her way back home but she finds it hard to erase Jax from her mind. Facing a heart-breaking dilemma she expresses her feelings about Jax and what happened between them to his husband. Peter loses his trust on her and divorces her. Rachelle remains single and long to get her ex back in her life. Peter starts to date a girl named Dana. Peter begins to live the life of a single man again after he breaks up with his problematic girlfriend. Dana makes him realize what he had with Rachelle.

As days go by, both Rachelle and Peter starts to realize that they can't live without each other. Is their love for each other strong enough to get over their dark past? Will they find a way to express their true feelings and reunite with each other?
