Hike the Pacific Northwest Trail--1200 miles--from the Continental Divide in Glacier National Park, Montana to Cape Alava on the Pacific Ocean in Washington State. Proclaimed a national scenic trail in 2009, your journey will take you across three national parks, four designated wilderness areas, and seven national forests, plus several state parks. At its worst we're bushwhacking chest deep in nettles and fire grass, with cold wet feet, no human contact for eight days, and yet there still no trail in sight. At its best, this national scenic trail offers park-like hiking with breath-taking views of mountains peaks, pristine glacier fed lakes, fertile farm valleys, and wilderness ocean beach hiking. This updated editon includes recent route changes, new alternates, and more resupply options. Use this book to prepare for your trek, or while hiking to make the Pacific Northwest Trail your most memorable adventure yet! Written with the help of three recent "thru-hikers" this book goes well beyond route navigation. It offers tips and notes on getting permits, campsites, resupply—and yes, the best pizza and beer—and how to easily get to and from the trail. On or off the trail, no matter where you find yourself, this book will help direct you on your journey.
