Everyman [Acting Edition] (includes "St George and the Dragon") Anonymous

A "great and simple tragic masterpiece," the morality of Everyman, is considered the noblest interlude of death the religious imagination of the middle ages has given to the stage.

Included in this edition is a late example of "St. George and the Dragon," published in 1833, which shows the last state of the traditional mystery, and the English folk-play as it became when it was left to the village wits and playwrights to produce it, without any co-operation from the trained eye and hand of a parson or a learned clerk.

PlanetMonk Books Acting Editions are formatted for use in theatrical production, as well as for casual reading.
