I have no control over my actions...

There are experiments in our recent past that we've made the mistake of forgetting. Now they're back to haunt us in ways we will never know.

Sex slaves, mind controlled prostitutes, actresses and musicians all created to be perfect for the sake of a shady agenda. Poor Mel gets caught up in this world, dragging her whole family and her boyfriend into this mess.

Mel is a dirt poor girl with an extraordinary gift. While the world and the economy is crumbling around her, this gift gives her friends and family hope for a better future- but will it lead to happiness or danger?

When her voice causes an obsessive stranger to notice her, she finds herself forced into the dark underbelly of a government program that no one knows exists. Will she manage to escape and save her boyfriend?

This new adult dystopian novella is not for the faint of heart. There is terrifying brainwashing, stalking, and multiple graphic sex scenes! This isn't your tween's dystopia.
