This is it. The most wild Transsex adventure of heart-pounding exotica you will ever read. When Noah, Julian and Owen wash up on the shores of a mysterious island in the South Pacific, they believe their long ordeal to be over with—not realizing that the true adventure is just about to begin... Soon the alluring natives of the island capture them, and the men are thrown into a world they barely comprehend: one full of secrets and pleasures they didn't know existed. Away from the eyes of the world, this mysterious and hedonistic island has survived for centuries. All the natives on the island are beautiful, horny women—with one important difference. And it's a difference Noah, Julian and Owen will experience over and over in the steamy jungle villages, along the calming shores and atop the towering mountains of the magical island until they are begging for mercy. And begging for more. Follow the very different journeys of the three men as they come to terms with their new reality. Will the warrior-like Noah drive himself to madness in the jungle after the first sordid meeting with the natives on the beach? Will Julian succumb to the nefarious medicine woman of the tribe who is intent on filling him up nightly with her voodoo and her glistening, hard member? Will the stalwart sailor Owen turn away from everything he knows and join the tribe that seems to have been waiting for him his whole life? "Shipwrecked on the Island of the She-Gods" is a classic adventure tale of heart-pounding exotica that doesn't skimp on story or on skimpily-clad natives with a little something extra.
