Today's image-conscious 'babe or minger' dating scene is a tough call. Our sexual expectations have been cranked up to pornstar proportions, and the sexes seem to have become highly critical of each other, both in terms of appearance and performance in the bedroom. But even though the guys have ditched the nasty Y-fronts and the girls are glossier than ever, a huge number of us are still being let down sexually.

This, says Maddie Saxon, is because we are finding it harder to relax and let our true sexual selves shine through. Our increasing fears about body image, penis size and orgasm ability means that sex has become more stressful than it ever was. The Black Lace Sexy Quiz Book will help the reader to negotiate the minefield of modern relationships. Through a series of questions, you will be able to rate your sexual needs honestly and learn to go about getting what you really want in the bedroom. The questions are designed to make the reader feel good about herself and her sexual preferences, whatever her experience, age or dress size. By working on the archetypes that attract us, we can unlock the mystery of our sexual psyches and also discover more about the way we function in other aspects of our lives.
