Artangles Patti Henderson

As a successful artist specialising in Pencil Portraits, I have become intrigued with the repetitions of curves and lines in nature.

When I explored and developed this concept, wonderful images emerged and became 'Artangles' and I was inspired to create a colouring book for grown-ups.

I invite and encourage you to enjoy the calming, healing effect that this right-brain activity creates as you colour in the stunning versions of animals and birds that make up 'Artangles: Birds, Beasts and Beauty'. Also included are two separate 'details' from each image, giving you full page patterns to further enhance your colouring/meditation experience.

Enjoy!
