**To Be His (Beauty and the Brit)** Terri L. Austin

**A companion novella to the RT Reviewer's Choice Nominee *His Every Need*, told from the hero's POV**

I didn't amass an empire without taking risks, but I'm not a complete arse. So yes, when I offered to trade Allie Campbell three months as my mistress for her family home, it was a joke. Only thing is, she wasn't laughing...and she bloody well took me up on it.

Well, all right then; I could play that game. I figured I'd take her on, we'd have some fun, and in three months, she'd walk away with her family intact and I could get back to what I do best: making money.

But I'd made one mistake along the way. I stupidly assumed that after having her, I could walk away. I was wrong. I don't know how long this feeling-this consuming need-will last, but I'm not ready to let her go.

Not now. Not yet. Maybe not ever.
