The duplex he shares with the couple next door, The Rogers, is accidentally partially renovated, requiring them all to share an apartment! If losing his bachelor pad wasn't enough, he gets laid off after making several mistakes around his job! Luckily, Kara Rogers is understanding of his situation and promises to help him find a new position.

Waking up early for this new job sucks, especially with all younger people running around the place but since James is slowly turning into a young girl he should have to deal with harder things than office work of spreadsheets and balanced budgets. Things like makeup, hair, gossip, celebrity crushes, dances, and what to wear are issues as well!

To make extra money since his wife Kelly is a stay-at-home-mom with their two young children, 35-year-old high school History teacher, John, makes extra income by reselling antiques and household products that he finds at estate and yard sales. Just by luck, he happens to find an antique book that he thinks will be a hot collectable item. Unknown to him, this is a spell book!

After selling the book, there is a mystery of what happened to all of his boxers, so he is forced to wear his wife's panties to work while trying to keep at secret! That should be the least of his worries though, as some other changes start to occur not only to his body, but in his life. Why are teenage girls making fun of what he wears? Why are fellow teachers no longer talking to him like a friend? Why is his wife dating some other guy?!
