**Wild, arrogant and charismatic rock star Kell has left his band Feral Silence, leaving rampant speculation and mourning fans in his wake.**

And I'm the one who gets to interview him.

My best friend Dylan and I never thought our indie online magazine would get a chance like this. I thought it would be the biggest break of my career. Instead, it almost ends up breaking my heart.

Not only does Kell have a raging ego with the attention span of a flea, he's also a consummate flirt who thrives on toying with boys and girls alike - including me and Dylan. Although I've pined after my best friend for years, there's just something about Kell. I can't help falling under his bad boy rock star spell.

But the more I get to know him, the more I begin to see behind the mask. There's more to him than just pretty blue eyes and a charming grin.

I'm determined to find out why Kell left Feral Silence but he's not talking, and neither are the friends he turned his back on.

**Some secrets are too important to share.**

*Feral Voice is a sexy MFM ménage rock star romance. It is the second novel in the Feral Silence series, but can be read as a standalone with a HEA.*
