Heal the Earth, Heal the Soul: Collected Essays on Wilderness, Politics and the Media Michael Frome
Senator Gaylord Nelson, father of Earth Day, said, "No writer has more persistently argued for the need of a national ethic of environmental stewardship than Michael Frome." That was forty years ago. In this collection, *Heal the Earth, Heal the Soul*, Frome reviews his own work, merging preservation of the wilderness with social justice, human dignity and the American spirit. Above all, he renews his faith and hope and spreads the message like a gospel.
