New Bon promises to become an important focus of interest among academic Tibetologists in the coming years. This unique, first-ever English-language volume on Tibet's New Bon religion (14th century onwards) contains the full catalogue of the collected rediscovered teachings revealed by bDe chen gling pa, an important Bon po master of the second part of the 19th century in Eastern Tibet. Belonging to a later period of development within the various lineages of New Bon, bDe chen gling stands as an essential link between this tradition and that of the Ris med movement of the late 19th century. The annotated catalogue of the thirteen volume collection mostly covers tantric and rDzogs chen (Great Perfection) texts barely known outside native libraries."
