America's population is slowly dying due to an epidemic, and Alexander, an ancient, immortal shaman, has medicine that can heal people. It has one small side effect—Alexander's able to control the minds of anyone taking the drug, nicknamed "dust."

Alexander plans to take over the country once dust is released to the general public, crushing anyone who stands in the way. He needs just a little bit more of a certain magical ingredient to make the medication work properly: fairy wings.

An intelligent, stunning fairy, Sabrina was also America's sweetheart—until a video of a crime she was involved in surfaces, nearly destroying her. A year later, she's finally ready to step back into the spotlight. Together with her bodyguard, Mira, a water spirit in human form, Sabrina's prepared to start over.

Things are starting to look up until she meets Alexander in a club and goes from social outcast to tortured captive in the blink of an eye. Will she be able to escape the evil shaman and his mind-controlled slaves in time to save herself and everyone she cares about?

"Kevin Breaux takes no prisoners! This is raw, funny, edgy, unapologetic and highly weird. Buckle up."- Jonathan Maberry, New York Times best-selling author of Patient Zero and Kill Switch.
