Tired of being lonely? Frustrated? Getting back in the dating game? It's time to unleash your true self so you can end up with your soul mate—the person you truly deserve! We are all looking for the same thing in a partner:

- Someone who is there when you need them
- Someone who will love you no matter what
- Someone who is supportive
- Someone who makes you feel good about yourself
- Someone who complements your strengths
- Someone to share new things with
- Someone who will keep your relationship happy, healthy and stable

This amazing, eye opening book will teach you the skills you need to make dating a positive and powerful experience.

- Create new beliefs about yourself and the relationships you deserve
- Put down the baggage of the past so you can enjoy real adventures
- Feel great about yourself
- Learn to find your strengths and accentuate them
- Figure out what you TRULY want and then go get it
- Be confident and relaxed when you get out there
- Be the positive energy that you want from your relationship

What you need is a plan – an idea of what you really want from a relationship and a partner. This ebook will show you how to make a plan, know what you really want and stop wasting your time with Mr. or Ms. Wrong. This ebook isn't just about feeling good and being confident, it's about discovering what is really important to you. Once you know what you really want, you will have a much better time finding someone to give you what you want.

Think of it this way:

If you go shopping without a list (a plan of what you really want and need), you end up coming home with a whole lot of stuff you don't need or want.

Dating is the same way – don't go out without a specific list of what want and need or you will end up with a whole bunch of stuff you never planned for.
