Playaway is the easiest way to listen to a book on the go. An all-in-one format, the player and content are combined in one 2 ounce unit and it comes with everything you need to start listening immediately. No separate player needed, no CDs, no downloads - just press play!

"In June of 1860 three-year-old Saville Kent was found at the bottom of an outdoor privy with his throat slit. The crime horrified all England and led to a national obsession with detection, ironically destroying, in the process, the career of perhaps the greatest detective in the land. At the time, the detective was a relatively new invention; there were only eight detectives in all of England and rarely were they called out of London, but this crime was so shocking that Scotland Yard sent its best man to investigate, Inspector Jonathan Whicher. Whicher quickly believed the unbelievable - that someone within the family was responsible for the murder of young Saville Kent. Without sufficient evidence or a confession, though, his case was circumstantial and he returned to London a broken man. Though he would be vindicated five years later, the real legacy of Jonathan Whicher lives on in fiction: the tough, quirky, knowing, and all-seeing detective that we know and love today: from the cryptic Sergeant Cuff in Wilkie Collins's *The Moonstone* to Dashiell Hammett's *Sam Spade*. *The Suspicious of Mr. Whicher* is a provocative work of nonfiction that reads like a Victorian thriller, and in it author Kate Summerscale has fashioned a brilliant, multilayered narrative that is as cleverly constructed as it is beautifully written. ""One eloquent doozy of a true-crime thriller."" - Entertainment Weekly ""Told and interwoven with admirable skill and definition."" -BookPage ""A bang-up sleuthing adventure."" -Kirkus Reviews ""Mesmerizing. . . Readers will delight in following every lurid twist and turn in his investigation."" -Publishers Weekly starred review"
