## Entre semántica léxica, teoría del léxico y sintaxis (Studien Zur Romanischen Sprachwissenschaft Und Interkulturel) (Spanish Edition)

El VI Congreso Internacional de Lingüística Hispánica tuvo como marco temático *La descripción de la interfaz entre léxico y sintaxis del español*. El estudio del léxico y la aproximación lexicalista son ahora un punto de inflexión en los trabajos sobre lexicología, lexicografía, semántica y sintaxis, que van describiendo el significado léxico, oracional y textual (macroestructuras semántico-sintagmáticas), las interrelaciones paradigmáticas entre significados léxicos (macroestructuras y medioestructuras semántico-paradigmáticas), así como las relaciones entre lo semántico y lo sintáctico. Para este volumen se han seleccionado trabajos que ofrecen un panorama de los modelos y las teorías que más atención están mereciendo en el estudio de las relaciones entre léxico, semántica y sintaxis.
