Financial Accounting Belverd E. Needles, Marion Powers

A market-leading program, Financial Accounting provides business students and accounting majors with a comprehensive introduction to practices and procedures. The text is well known for its highly respected author team, balanced approach, and real-world emphasis. Accuracy reviewers check every line and work through each exercise in the text and supplements, making Financial Accounting the most accurate among similar texts on the market. The Ninth Edition--which focuses primarily on the use of accounting information in today's business world--represents the most significant revision of the text to date. Content updates reflect current accounting and business practices, while greater attention is given to ethics, service enterprises, and international issues. In addition, the text features a more concise, accessible writing style; a new design to emphasize the user-oriented content; and enhanced technology components for both instructors and students.
