46 single-sided illustrations to colour. From aliens, singing and moon swinging astronauts, galactic girls, exploding planets, shooting stars... bring them to life and make them unique in your own style, and transport your busy mind into a calm and mesmerizing galaxy far far away. NOTE FROM ARTIST: playing around I discovered that PENS work on this SILK front cover. If you get tempted to colour it like I did, the cover just needs more drying time than usual paper, or it will smudge... being a silky finish - I went for a different cover finish this time as I just loved the feel of it on my fingers... I hope you enjoy the book!!!!xxx
