Zoo design combines elements of stage design, landscaping, education, architecture, film and theatre. Zoo design is about inspiring and creating emotions by means of the visitor's sense of imagination. This manual is a referential guide to zoo designers and to zoo staff wanting to critically direct, regulate or assist their design team. It aims at combining a zoo's mission, the awareness of quality design and the available techniques. Since Erik van Vliet started off as a zoo keeper at Wassenaar Zoo in the Netherlands at the age of 13, he never left the zoo world. For many years he has worked as a zoo designer for zoos all over Europe, South America and Asia. According to Erik, visiting zoos is the only truly universal pastime.
